

## **PBIS New Forms and Information**

Contained in this packet of information are forms that may be used by classroom teachers in order to document student behaviors and promote positive decision making. The following information is for your reference as you decide how to best handle a student that is displaying behaviors that are interrupting his/her learning and the learning of others:

**Eagle Plan**-This form can be filled out by students when minor rule infractions have been exhibited. This gives each child the opportunity to process the behavior and form a plan for making better choices in the future. **There is no other consequence beyond the student completing the form and when appropriate, discussing it with a staff member.**

**Van Buren Discipline Report**-This form is to be used for repeated violation of school rules or more serious behaviors than can be addressed through an Eagle Plan. Students are to take home all discipline reports. If the student does not return the form signed by a parent/guardian, the classroom teacher will need to mail a copy home. **When a student receives 5 Discipline Reports in a quarter, a CC must be held.**

**Office Referral Form**-Please refer to the school behavioral T-Chart when determining behaviors that warrant an office referral. This form should be completed as you have done in the past.

You will receive a template for documenting this information on a quarterly basis. **Please keep copies of all information.**
